

## CONDITIONS WORSE IN SPRINGFIELD THAN IN "SWEATSHOPS" OF CHICAGO

### SENATE "WHITE SLAVE" COMMISSION REPORTS CONDITIONS WORSE IN CAPITAL CITY THAN IN ANY PLACE YET VISITED

O'Hara Sends Telegram to President Wilson Denouncing Conditions Surrounding Employment of Girls at Springfield Factory of International Shoe Co., Which Is Now Protesting Against Proposed Tariff Law—Girls Testify to Working for 30 Cents per Day on Piece Work in Factory.

SPRINGFIELD, ILL., APRIL 25.—Following today's session of the senate on the "white slave" commission, Lieutenant Governor O'Hara sent a telegram to President Wilson and another to Lieutenant Governor Paynter of Missouri, calling their attention to the disclosures made here. The telegram to President Wilson read as follows:

"At a hearing of the Illinois senate vice commission here today, it appeared that the conditions surrounding the employment of girls at the Springfield factory of the International Shoe company apparently were the most open to criticism of any so far discovered by this commission. The revelations were so astounding that Senator Neils Juul, a Republican and the dean of our state senate, openly and bitterly denounced this corporation.

"As I have been informed this corporation is supporting a lobby at Washington in opposition to your proposed tariff law on the grounds that if certain duties are removed the girl workers in their shoe factories will be brought into competition with the cheap labor of Europe, I believe your attention should be called to the testimony given here today."

**Telegram to Lieutenant Governor.**  
Lieutenant Governor O'Hara's telegram to the lieutenant governor of Missouri was as follows:

"At a meeting of the Illinois senate vice commission today it developed that the girls employed in a Springfield factory of the International Shoe company are the victims of the worst industrial conditions that have yet come before this commission. Mr. Derby, the superintendent of the Springfield factory, stated under oath that the International Shoe company is a twenty-five million dollar corporation and that its executive officers are residents of Missouri.

"On behalf of Senators Juul, Tosey, Woodard and Beall, as well as of myself, constituting the full membership of our commission I respectfully invite the co-operation of your Missouri senate vice commission in a thorough and complete investigation of the methods of this corporation."

**Secretary of State's Statement.**  
Secretary of State Harry Woods, this afternoon issued the following signed statement relative to the work of the commission:

"The investigation of the white slave commission may lead to startling disclosures, provided they search for the truth, regardless of who is hit when the light is turned on. I believe the real beneficiaries are the owners of the land upon which the buildings rest in which the traffic is carried on. Disclose who owns the land.

"To protect the growing girls in Illinois, our state is to reach its true greatness, the legislature should raise the age of consent to eighteen years and make the penalty for rape an operation. The committee has probably discovered by this time that in the majority of cases, poverty or the fear of poverty is the cause of the white slave. And, it is of little use to apply a palliative when the disease is very contagious and usually proves fatal."

**Girls Testify.**  
During today's investigation several girls testified as to their earnings at the Coates Watch Tool company. Their wages ranged from 30 cents to fifty cents a day. Other girls employed in stores in Springfield to earning from \$2 to \$6 per week.

Girls employed by the local branch of the International Shoe company, a \$25,000,000 concern said their wages ranged from \$2 to \$7 per week, that they were driven at top speed, and that the foreman cursed them and seized them shook them when they displeased him.

**Derby Gets Calling.**  
S. W. Derby, superintendent of the local plant of the International Shoe company was only fairly started in his testimony when he made the unfortunate remark about not caring for the newspaper reporters present hearing his statement and brought upon his head the wrath of the investigators. His attitude changed decidedly after the denunciation of his company by Senator Juul and Lieutenant Governor O'Hara.

Superintendent explained the system of wage payment of the local plant, which, he said, was based on the system employed generally in plants of the company throughout the country, one of which is at Belleville and another at Jerseyville, in this state. He had heard nothing about employees being abused by the foreman and said if this were found to be true he would discharge the offender.

**Says \$7 Is Minimum Wage.**  
Derby expressed the opinion that \$7 a week, he would judge, was about the minimum wage upon

which a girl could live comfortably, if not living at home.

After the committee had concluded the hearing for the day and adjourned until next Tuesday the lieutenant governor declared the commission had found conditions worse in Springfield than in any one city where the commission had worked, not excepting the "sweatshops" in the city of Chicago.

**Derby Makes Mistake.**  
The International Shoe company, a \$25,000,000 corporation with a branch factory at Springfield, was excoriated by the senate vice commission at its inquiry to day. S. B. Derby, superintendent of the local factory, was on the witness stand, following testimony by several girl employees of the establishment.

Derby was answering the committee members' questions in a low and inarticulate voice.

"Speak up, please," requested Senator Juul, who was doing the questioning, the stenographer and the newspapermen cannot hear you."

"I don't care anything about them," responded Derby.

"Well we do care," declared Senator Juul.

"This is the modern version of the public be damned," interposed Lieutenant Governor O'Hara.

Derby saw he had made a mistake. "I'm talking to you not them," he added.

"The state of Illinois is a part of this commission," declared Lieutenant Governor O'Hara.

Senator Juul then expressed his sentiments toward the international Shoe company.

"I want to tell you Mr. Derby that I for one wish I had power to drive your concern from the state of Illinois. You are a disgrace to the state."

"And I want to add one of the greatest disgraces of the state," interposed Lieutenant Governor O'Hara.

"We have had some information regarding your concern," continued Senator Juul. "We learned of one girl who worked for you and was driven to prostitution because your concern paid only \$3.50 a week and she could not live on it. We had to go into executive session because the testimony was so rotten, that the public could not hear it."

Derby was ordered to bring his pay rolls before the committee next week.

**Venable on Stand.**

When the senate "white-slave" inquiry was resumed this morning C. W. Venable, proprietor of the Victor Hotel, was recalled to the witness stand. He was questioned regarding the circumstances under which he secured and held the hotel, which he testified last night was run in a respectable manner. He said he had bought the furniture and assumed the lease afterward had attempted to dispose of it at a sacrifice. He had offered to sell it for \$1,000 less than he had paid for it, he said.

D. L. Phillips, owner of the building at 316 East Jefferson street was examined relative to his property, which is occupied by a saloon on the ground floor and an alleged immoral resort on the second floor.

Mr. Phillips testified that he rented his building to the Selap Brewing company, through the company's local agent, and was not familiar with the conditions existing in the flat above the saloon although he understood it was an immoral place.

**Get 30c Per Day.**  
Mary Barnes, a sixteen year old girl living at 1855 South Second street, testified to working at the Coates Watch Tool Company. She was paid \$3 for the first week and then was put on piece work, at which she was able to earn thirty cents a day. Previously she was employed a short time at the Boston Store, where she received \$2.75 a week as cash girl.

Sylvia Kane, 1743 South Spring street, aged 17 years, offered testimony similar to that given by the Barnes girl. She began work at the Coates factory at \$3 a week and after the first week was put on piece work at which she was able to earn thirty, forty or fifty cents a day. Wages were paid once a month. Before her employment here she worked a while at the Boston Store where she received \$2.75 a week as cash girl and later was employed at the pattern center at McCourtney's at \$2 a week, except at Christmas time when she was paid \$1 a day.

**Apprenticeship Necessary.**  
In the course of the examination of the Kane girl Senator Juul declared that one thing had been made apparent in the inquiries every where and that was that in preparation of a minimum wage bill no requirement for an apprenticeship was necessary; that machine operators can do anything the first day they can at any time, the only difference being a matter of speed, and they are invariably paid for piece work. Lieutenant Governor O'Hara agreed with Senator

## DISCUSS RIGHT OF U.S. TO DICTATE CANAL TOLLS

### MANY VIEWS EXPRESSED AT MEETING OF INTERNATIONAL LAW SOCIETY

Most of the Speakers Agree That the United States, as the Owner of the Canal, Has Right to Make Desired Rules Regarding the Canal.

WASHINGTON, APRIL 25.—Divergent views regarding the right of the United States to exempt its coastwise vessels from the payment of Panama Canal tolls are expressed to day in papers read before the seventh annual meeting of the American society of international law. Most of the principal speakers agreed however, with Richard Olney, former secretary of state, who held this country was entirely within its rights, as the owner of the canal, to make whatever rules it desired regarding the canal.

Equally divergent views were expressed as to whether the payment by the government of a subsidy equal to the amount of the tolls of American ships would be a violation of existing treaties.

The right to grant subsidies when not expressly prohibited by treaty was not controverted.

In the discussions that followed many of the extemporaneous speakers opposed the idea that the United States had a right to exempt its vessels from tolls and contended that such an act would be contrary to all existing treaties and would bring dishonor upon the country.

In his address which was read because of his inability to attend the meeting Mr. Olney declared that the all-nations clause of the Hay-Pauncefote treaty meant only "the customers" of the canal and that since a nation could not be either a customer and owner of the United States was not supposed to be included in the words "all nations."

He expressed himself as opposed to referring the matter to The Hague, because all nations were interested in the outcome, but advocated an independent arbitral tribunal.

Louis Nixon of New York was among those to agree with Mr. Olney while among those opposed were Chandler P. Anderson, former counsel of state; Raymond Kennedy of Washington, Rear-admiral Charles H. Stockton, retired, and Prof. Eugene Waumbaugh of the Harvard law school.

**ATTACK CONSTITUTIONALITY OF WORKINGMEN'S COMPENSATION ACT**  
It is Contended That the Bill and Amendments Were Not Printed Before They Were Passed By General Assembly.

Springfield, Ill., April 25.—The constitutionality of the workingmen's compensation act is attacked in an appeal which was filed in the Illinois supreme court today in the case of Joe Nokwos, against the Western Paper Stock company of Chicago.

The appellant contends that the bill and its amendments were not printed before they were passed by the general assembly.

Nokwos, suffered permanent injuries while working in the factory owned by the Western Paper Stock company and brought suit for damages.

The company demurred on the ground that the case was covered by the workingmen's compensation act. The superior court of Chicago, in which court the case was tried, sustained the demurrer. The appeal is taken on this decision.

**DIPPEL'S RESIGNATION ACCEPTED**  
Chicago, April 25.—The resignation of Andras Dippel as general manager of the Chicago Gradd Opera company was accepted at a meeting of the executive committee here today. Mr. Dippel gave no intimations as to his plans for the future, and members of the committee were equally secretive.

**CONFERENCE ADJOURNS.**  
Rockford, Ill., April 25.—The annual conference of colleges of the interior adjourned tonight after deciding to meet a year hence at Carleton College, Northfield, Minn. Dean L. A. Weigle of Carleton College was chosen secretary for the ensuing year.

**Julia in Conclusion.**  
Agnes McGill, 1706 East Carpenter street, 21 years old, testified to her experiences as an employee at the International Shoe factory. She started in the box factory at \$3 a week and received increases until she was paid \$7 a week. The girls in the department were driven at top speed, she testified, the foreman cursing the girls when they failed to turn out as much work as he desired. On a half dozen different occasions, she fainted from excessive exertion. She told of "Bibi" Alexander, foreman of the department, seizing girls and shaking them when displeased with them.

Pearl Briggs, 21 years old, residing at 800 North Eleventh street, testified to her employment, first in a physicians office at \$3 a week, then as a domestic at \$2.50 a week, and then at the International Shoe factory, where she started at \$3 a week. She finally was receiving \$6 a week when she was transferred to piece work at which she was able to make only from \$2.75 to \$5 a week. She was never attacked by her foreman but had seen other girls in the department seized and shaken by him.

## TARIFF RECEIVES WARM DISCUSSION

### Serious and Humorous Treatment Was Accorded Question In the House

## LAUDS UNDERWOOD BILL

### Rep. Palmer Declares Measure Will Bring Relief to the People Of the Nation

## HOUSE ATTENDANCE THINS

WASHINGTON, APRIL 25.—Frivolous and serious treatment was accorded the tariff question today in the house debate, Representative J. Hamilton Moore, Republican of Pennsylvania, contributing a novelty by conducting a tariff primary class for the edification and amusement of his colleagues and Representative A. Mitchell Palmer, chairman of the Democratic caucus doing the point argument in behalf of the Underwood bill.

Mr. Moore's innovation put the house into an uproar. He presented himself in the guise of a pupil asking questions in a "tariff primer" put to him by the reading clerk of the house. The climax came when Representative Lobeck of Nebraska, raising his hand while Mr. Moore was reciting his tariff lesson, demanded recognition. "For what purpose does the gentleman rise," asked Representative Garrett of Tennessee, the presiding officer, who at this moment assumed the role of principal of the school.

"Please, teacher," Mr. Lobeck grinningly responded, "may I go out."

The principal's answer was drowned in the laughter, and applause while Mr. Garrett pounded his gavel to subdue his unruly pupils.

**Lauds Democratic Leader.**  
Representative Palmer championed the Underwood bill as a measure which would surely bring relief to the people of the nation if it received the united support of the Democratic party and he predicted that it undoubtedly would survive the opposition of the Republican remnant and the Progressive embryo. He lauded the Democratic leader, Mr. Underwood whose name the new tariff law will bear, declaring that when the law became effective he would take his place among the immortals of the republic.

Mr. Palmer laid emphases upon the "dumping clause" of the bill, which is designed to assess extra duties as high as fifteen per cent upon foreign goods sold in this country at a less price than abroad.

Representative Keating, Democrat of Colorado who declared he was elected upon a free sugar platform, aroused representatives from the beet sugar states with the declaration that every sugar (beet) plant in the United States was controlled by the American Sugar company either by stock or by selling agreement. He declared there was a selling agreement by which the "trust" fixed the price to the consumer and when challenged by Representative Kelly of Michigan, Mr. Keating declared he could prove it by business conditions and facts relating to the beet sugar industry of his own state.

**Republicans Close Debate.**  
Closing the day's debate for the Republicans were Representatives J. M. C. Smith of Michigan, who declared that a tariff for revenue only meant, "disaster and want," Borton of Nebraska, who said the Democrats were "making the farmer the goat," Moss of West Virginia, Patton of Pennsylvania, Foss of Ohio and Browning of New Jersey.

Representatives Ruple of Pennsylvania, Stephens of California, and Thomson of Illinois wound up for the Progressives. Mr. Ruple said protective tariff had produced a golden egg for the privileged.

Mr. Stephens expressed a desire to vote for the income tax and reduction of excessive tariff, but not for such "unreasonable reductions" as proposed in the Underwood bill. Mr. Thomson championed a non-partisan tariff commission and regretted that he could not vote for an income tax incumbent in an omnibus bill.

Mr. Neely of Kansas the last Democratic speaker attacked the harvester trust.

The house adjourned shortly after 9 o'clock tonight until 11 a. m. tomorrow when the debate will be resumed.

The house attendance thinned as the tariff debate wore on. At one time eight representatives including Speaker Clark and three party floor leaders and Representative Garrett of Tennessee in the chair constituted the house. Representative Langley of Kentucky, Republican began an attack by expressing pride in addressing "so large and distinguished an audience."

Representative Copley of Illinois, Progressive, characterized the tariff bill as "a freak of the intellect," but said he favored the income tax feature and would not vote against the bill, though he could not vote for it.

## MEETS CHARGE WITH COUNTER STATEMENT

### PIERCE CHARGED WITH USING SHARES OF NASHVILLE TERMINAL

Oil Magnate States That He Has Been Victim of Misplaced Confidence to the Extent of Nearly Seven Million Dollars.

ST. LOUIS, MO., APRIL 25.—Henry Clay Pierce, chairman of the board of directors of the Waters-Pierce Oil company today met the charge that he had converted to his own use 15,000 shares in the Nashville Terminal company which had been placed in the National Bank of Commerce in St. Louis as security for a loan with the counter statement that he had been the victim of misplaced confidence to the extent of nearly \$7,000,000.

The statement of Pierce was made during the taking of depositions in the suit filed by the National Bank of Commerce to recover the 15,000 shares from Mr. Pierce or their money equivalent, \$1,500,000.

Mr. Pierce told of the formation of the syndicate to promote the Tennessee Central railway and went into details in accounting for \$6,800,000 involved. Mr. Pierce further testified that he understood that the 15,000 shares which the National Bank of Commerce now seeks to recover, were turned over to Senator Joseph W. Bailey of Texas, as assignee of the Tennessee Construction company after the loan for which it had been pledged as security was paid. The bank now claims that the loan was not paid and that the securities were taken out of the bank by Van Blacom. The Tennessee Construction company is the concern that promoted the Tennessee railway and the Nashville Terminal railway.

"Senator Bailey sold over \$4,000,000 of the property of the construction company," Mr. Pierce said, "and it was my understanding that from the sale of these properties the loan at the National Bank of Commerce was paid, and that the stock then went to Bailey as assignee for the construction company. The stock later was pledged to the Standard Trust company of New York by Senator Bailey and remained there for three years. It finally was delivered to Eben Richards (Pierce's son-in-law) on my order after the trust company, had notified me that it had no further claim to it."

"The stock is in my possession or in the possession of my agents, although I have never seen it."

**Bailey Makes No Statement.**  
Chicago, April 25.—Former Senator Bailey of Texas tonight declined to throw any light on the transactions involving the 15,000 shares of Nashville Terminal stock for which Henry Clay Pierce of the Waters-Pierce Oil company is being sued in St. Louis.

"The Tennessee Construction company is my client and I can't talk about its affairs," he said "I will say, however, that the terminal stock was not pledged as collateral. It was deposited in the bank under contract and removed when the contract was fulfilled."

Mr. Bailey stopped in Chicago today on his way to Galena, Ill., where he will speak tomorrow at the U. S. Grant memorial exercises.

## FORTRESS CONDITIONS AT SCUTARI TERRIBLE

### TURKISH TROOPS AND POPULACE IN STATE OF EXHAUSTION

When Montenegrins Enter City They Were Surrounded by Half Starved Women Begging For Food—Relief Boats Have Been Dispatched.

Cettinje, Montenegro, April 25.—Conditions in the fortress of Scutari on Wednesday last when Essad Pasha the Turkish commander surrendered to the Montenegrins, were appalling. The Turkish troops and the whole population were in a state of such extreme exhaustion from lack of food that Essad Pasha had been threatened with death unless he agreed to the capitulation. When the victors entered they were surrounded by half starved men and women clamoring for food. The hospitals also were in horrible condition. Unburied and semi-decomposed corpses were lying about in the streets and in the houses many people were found dead or dying of exhaustion.

In the last few days of the siege whenever Essad Pasha appeared in public he was followed by groups of desperate, famished natives, demanding "bread or surrender."

The Montenegrins alleviated the immediate distress of the stricken population, but their own supplies were scanty.

King Nicolas of Montenegro has despatched three boats to Scutari laden with provisions and medical and sanitary supplies.

Crown Prince Danilo, commander of the Montenegrin forces, telegraphs from Scutari that the Turkish garrison, which was allowed to march out of the fortress with full honors of war, consisted of 26,000 Nizams, or soldiers of the active army; 5,000 Bashibazouks, or Irregular Volunteers; and 458 officers, including a number of Austrians.

## PENN'S RELAY CARNIVAL.

Philadelphia, April 25.—One of the greatest aggregations of college and school athletes ever drawn together in a single meet will compete tomorrow in the nineteenth annual relay races and field sports under the auspices of the University of Pennsylvania. All day today the athletes have been streaming into town. Altogether there are more than 1,600 of them. Among them they represent nearly all of the leading educational institutions of the east, west and part of the south, including universities, colleges, preparatory schools, academies, high schools and grammar schools.

The relay races for the college championship at one, two and four miles are expected to attract the greatest interest. The entries in these events are the best in the history of the games. Western colleges, especially, are better represented than ever before. Michigan will be the most prominent of the western colleges, though Illinois, Missouri and Notre Dame will also have some very good athletes on hand. Chicago, Northwestern, Ohio state and Brigham Young university also figure among the entries from the west.

In addition to the three big relay races for the intercollegiate championship of America, the program provides for a number of class races for one mile, open to minor colleges. The special events will be the same as last year, the 100 yard dash, 120 yard hurdles, broad jump, high jump, hammer throw, shot-put, discus and pole vault.

## NAVAL WEDDING IN WASHINGTON.

Washington, April 25.—The naval contingent in Washington society is preparing to turn out in full force tomorrow for the wedding of Miss Alys Meyer, daughter of the former secretary of the navy and Mrs. George von L. Meyer, and Lieutenant Raymond Rodgers, U. S. N. The ceremony will take place at noon in St. John's church, the Rev. Dr. Roland Cotton Smith officiating. After the ceremony there will be a wedding breakfast and reception at the Meyers home in Scott circle.

## PROTEST IS TABLED.

Honolulu, April 25.—The territorial legislature adopted a report today tabling the resolution of protest against California's proposed alien law. The action was taken on the ground that the proposed law does not concern Hawaii.

## MCALLISTER WINNER.

San Francisco, April 25.—Bob McAllister, former champion amateur heavy-weight of the Pacific coast, won his second professional bout tonight, getting a decision over Paddy Lavin of Buffalo in their four round bout.

## SECRETARY BRYAN LEAVES CHICAGO

### Will Make Absence from Washington as Brief as Possible

## TO GET HEARTY WELCOME

### Secretary Has Already Received Five Invitations to Speak In the Western State

## LAND LAW EFFECTS CHINESE

CHICAGO, APRIL 25.—"I shall go direct to Sacramento and will return to Washington as soon as I possibly can," said Secretary of State Bryan here tonight as he boarded his train at 7 p. m. "I cannot forecast how long my absence may be, but I hope it will be short. I ought to be in Washington."

Mr. Bryan nodded his head with emphasis and added:

"I hated to leave Washington just now. I would not have done so if it had not been necessary. These are important days at the capital and I shall hurry back."

Mr. Bryan declined to make any statement in connection with the coming conference with Governor Johnson and the California legislature.

"My embassy," he said in answer to a question, "as far as my memory goes, is without precedent. We may create precedents in our conference, but it would not do to speak of them in advance."

**Hospitable Welcome.**  
That the secretary will have a hospitable welcome in California was shown today in five invitations he received here by telegram to address public bodies in San Francisco and Sacramento.

Mr. Bryan said that he had been obliged to decline the invitation from San Francisco as there was no likelihood that he would be able to speak there. There was more chance that he would speak in Sacramento, but he could not make an engagement.

Mr. Bryan added that as representative of the president he had never doubted a cordial welcome from California. The secretary was accompanied by his secretary, Robert Rose. His train is the Overland Limited of the Northwestern system.

While in this city Mr. Bryan had brief conferences with Senator Lewis, William L. O'Connell, Governor Dunne's representative, Mayor Harrison and several other Democratic leaders.

**To Try to Remove Friction.**  
Washington, April 25.—Secretary Bryan is not expected to spend more than a week at Sacramento conferring with Governor Johnson and the state legislators over the proposed anti-alien land laws. From semi-official sources today it was said that Mr. Bryan expected to present the views of President Wilson and do all that was possible to remove friction between the United States and Japan over that particular legislation in time to be back in Washington by May 7th.

In official circles today it was suggested that the energy with which Japan had protested against the enactment of the pending alien land holding legislation in California had served to obscure the fact that many Chinese would be affected by such laws, though not in proportion to the Japanese residents.

The Chinese legation here, though noting the facts, has refrained from lodging any protest at the state department, while awaiting instructions from Peking, as well as the issue of the negotiations between United States and Japan regarding the question of alien land ownership. It is apparent, however, that the situation is viewed with deep concern, developing as it has, just at the moment when the United States is about to inspire the Chinese by recognition of the infant democracy.

### WANT HOME RULE IN UTILITY MATTERS

CITY OFFICIALS AND BUSINESS MEN HELD CONFERENCE.

Resolution Adopted Expresses Opposition to Any Measure Which Takes Away Rights of Cities to Handle Local Utility Affairs—Committee Will Go to Springfield to Talk Against Passage of Proposed Law.

The special conference of city officials and directors of the Chamber of Commerce arranged by President Andrews and Mayor Davis held Friday afternoon was well attended. The purpose of the gathering was to discuss the public utility bill now pending before the Illinois legislature. There are in fact several utility bills but one is referred to especially because it is known to have the support of Governor Dunne and unless some unusual opposition appears it is apt to become a law. By this law a public utility commission of five members would be established. Each commissioner would have a salary of \$10,000 and a clerk of the board a salary of \$5,000. The board would also have authority to employ an attorney at a salary of \$6,000 and other assistants deemed necessary. All public utility matters in the state in cities under 25,000 population would be in charge of this commission and utility matters in larger cities could be referred to the commission.

**Resolution Adopted.**  
After some discussion of the pending bill the following resolution presented by F. J. Heintz was adopted:

"Resolved, That the Chamber of Commerce of Jacksonville hereby protests against the enactment of any legislation which would deprive any city or village of Illinois of the right to control its own public utilities."

A copy of this resolution will be sent to the governor, to the speaker of the house, the president of the senate and to every member of the legislature. Among those who took part in the discussion were Mayor Davis, William Newman, M. F. Dunlap, Dr. Edward Bowe, F. J. Heintz, H. J. Rodgers, C. R. Knollenberg, Frank Byrns, J. F. Brennan, J. O. Monk, Henry Fritsch, J. J. Reese and O. F. Buffe.

No man present had read the bill through completely nor claimed to be familiar with all of the points covered in it. About the only point discussed was the one which makes the bill compulsory only for cities of 25,000 or less and there was unanimous agreement that cities of the size of Jacksonville should have the control of their own utilities. The bill provides that the utilities commission shall give aid in larger cities but that the cities themselves shall control utility matters.

**Mayor Davis Explained Position.**  
Mayor Davis was called upon by President Andrews and told of the action taken by the council. Mayor Davis also explained some provisions of the bill and referred to the time when it was first presented at a meeting of the officers of commission form of government cities. He said he had opposed it at that time even before the clause was inserted exempting larger cities from its provisions. Mayor Davis referred to instances in Wisconsin and other states where it is alleged that the utility commissions have really worked to the advantage of the companies rather than for the interest of the people. He said that the tendency had been to stifle competition and to cause higher rates.

Mr. Newman then presented a circular letter issued by the Citizens Welfare League of Baltimore warning citizens against a utility commission and citing great increase in telephone costs in Baltimore as one reason. Further Mr. Newman said that originally he had been in favor of a utility bill and had voted in opposition to the stand taken by Mayor Davis at the convention of the officers of commission form cities but said that he had since then changed his mind.

**Informal Discussion.**  
Dr. Bowe said he had watched the whole movement for a utility commission in Illinois and did not believe that it was a movement for the benefit of the people but rather for the corporations. F. J. Heintz said he was in favor of a commission on certain conditions but that he believed in each city having authority to regulate its own rates etc. Mr. F. Dunlap said he was really looking for some light on the matter. He expressed the opinion that Governor Dunne had shown in the past a wish to care for the interests of the people and he could not understand his advocacy of a measure which seemed to be opposed to rule by the people. The discussion of the matter which followed was of a wholly informal nature.

In addition to the letters to be sent to legislators, on motion of Frank Byrns it was voted to send them also to other commercial organizations throughout the state asking them to co-operate in opposing the bill.

Part of the section outlining the duties of the proposed commission and part of the section exempting cities of more than 25,000 population read as follows:

Section 8. Supervision of Utilities. Rules and Regulations. Report of Commission. The commission shall have general supervision of all public utilities, shall inquire into their management of the business thereof and shall keep itself informed as to the manner and method in which the business is conducted. It shall examine such public utilities and keep informed as to their general condition, their franchises, capitalization, rates and other charges and the manner in which their plants

### Woman Is As Old As She Looks

No woman wants to look old. Many in their effort to look youthful resort to the "beauty doctor's" prescriptions. Their mistake is that they visit the wrong department in the drug store. Beauty depends upon health. Worry, sleepless nights, headaches, pains, disorders, irregularities and weakness of a distinctly feminine character in a short time bring the dull eye, the "crow's feet," the haggard look, drooping shoulders, and the faltering step. To retain the appearance of youth you must retain health. Instead of lotions, powders and paints, ask your druggist for

## CITY COUNCIL OPPOSED TO PENDING UTILITY BILL

Passed Resolution Expressing Views at Special Meeting Friday—Want Ocean to Ocean Road Built Via Jacksonville.

A special meeting of the city council was held Friday morning when two resolutions were passed, one referring to the public utility bill now pending before the Illinois Legislature and the other referring to the ocean to ocean road bill being considered by congress. On a motion of Commissioner Engel with a second by Commissioner Knollenberg the resolution protesting against the utility bill was adopted. Commissioner Newman made a motion for the adoption of the other resolution, which was offered by Commissioner Brennan. The resolutions are in the following language:

Resolved, That there is now before the legislative bodies of Illinois a bill providing for the establishment of a public utility commission for the control of public utilities throughout the state, and

Whereas, The bill provides for the control by this commission of local public utilities in all cities with a population of less than 25,000, and Whereas, This legislation seems unfair to the smaller cities of the state, therefore be it

Resolved, By the city council of the city of Jacksonville in special session assembled that we do protest against the passage of any utility bill that does not treat all cities alike and give them control of their local public utilities, and be it further

Resolved, That a copy of this resolution be sent to each of the representatives of this district asking them to use their influence and votes against the proposed bill and be it further,

Resolved, That this resolution be spread upon the records of this council.

Adopted at a special meeting of the city council this 25th day of April, A. D. 1913.

George W. Davis, Mayor.

Attest:  
R. L. Pyatt, City Clerk.

Resolution.  
Whereas, In the preliminary survey of the proposed ocean to ocean road there is an effort to divert its course and have same run by the way of St. Louis, and,

Whereas, Such route would be fully one hundred miles longer than one by the way of Decatur, Springfield, Jacksonville, Pittsfield, Ill., and Louisiana, Mo., and

Whereas, The logical route should be by the way of Jacksonville and the cities mentioned above, therefore be it

Resolved, By the city council of the city of Jacksonville, that it is the sense of this council that this road be laid out by the way of Jacksonville, and be it further,

Resolved, That a copy of this resolution be sent to the Hon. Henry T. Rainey, congressman from the twentieth district, and copies to the senators from Illinois, the Honorable J. Hamilton Lewis and the Honorable L. Y. Sherman and that they be asked to use their influence to have this road run as suggested above which is its logical course, and be it further,

Resolved that this resolution be made a part of the records of this council.

Adopted at a special meeting of the city council of the city of Jacksonville, Illinois this 25th day of April A. D. 1913.

George W. Davis, Mayor.

Attest:  
R. L. Pyatt, City Clerk.

## APPOINTED GENERAL FOREMAN OF ATLANTA HILL GRADE REDUCTION

Eugene Sweeney of This City, Has Charge of Work—Has Been With Company For Years.

Eugene Sweeney of this city, has been appointed general foreman of the Atlanta hill grade reduction job for the Chicago & Alton. He will co-operate with Engineer W. T. Watson, who will look after the engineering features of the undertaking. A force of carpenters is now busily engaged in constructing bunk houses for the workmen and a large quantity of rail for the sidings has been unloaded. As soon as the steam shovels arrive a gang of men will be assembled for the work, 200 or more being required.

In speaking of Mr. Sweeney's railroad career the Bloomington Pantagraph has the following:

"Mr. Sweeney has been connected with the maintenance of way department of the Alton, for many years. He was supervisor for a long time and then resigned to engage in farming. The attractions of the road were so strong, however, that he could not resist and was re-employed as general foreman. He had charge of the yard enlargement at Normal last fall and winter and two months ago was sent to Roodhouse as general foreman there, being in charge of the rail laying for the new yards at that terminal. With the completion of the Roodhouse job, he has been transferred to Atlanta and reached that point yesterday to take charge of his new post. Mr. Sweeney ranks with the best posted maintenance of way attaches in the west and will be an ideal man for the responsible position."

## BAD BREATH

It's Your Duty to Get at the Cause and Remove It—A Word to the Wise, You Know.

Dr. Edwards' Olive Tablets, the substitute for calomel, oil the bowels and positively do the work. People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant sugar-coated tablets are taken for bad breath by all who know them. Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system of impurities.

They do all that dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening, griping cathartics are derived from Olive Tablets without griping, pain or disagreeable effects of any kind.

Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint with the attendant bad breath.

Olive Tablets are a purely vegetable compound mixed with olive oil. Take one every night for a week and note the effect.

"Every little Olive Tablet has a movement all its own." 10c and 25c per box. The Olive Tablet Co., Columbus, Ohio.

### THE PUBLIC UTILITY BILL.

The city council and the Chamber of Commerce of Jacksonville have both passed resolutions protesting against the passage of any public utility bill which takes away from a city of this size the right and authority to regulate its own utilities. It is the intention to have committees from the council and the chamber of commerce go to Springfield and enter a formal protest. The committee hearings are held on the utilities bill presented in the legislature presented by Mr. Rapp. This bill is accounted the administration measure and is credited with having great advocacy of Governor Dunne.

It is likely that practically every man present at the conference held Friday afternoon at the Chamber of Commerce rooms would confess to the fact that he knew little or nothing as to the exact scope and purpose of the Rapp bill or the influences responsible for its introduction before the legislature. The bill has been mentioned in the papers frequently during recent weeks but comparatively little has been known about it. In a printed form it occupies seventy-six pages and as it has only been off the press a few days it naturally follows that the average citizen has only a small amount of information about the measure.

For this reason it is not possible to enter into an extended intelligent discussion of the bill at this time. The change however made in the bill in recent weeks which makes its provisions compulsory only in cities of 25,000 and less is pretty well understood and of the special object of the bill the special object of the bill is the Friday conference. The idea of lessening "home rule" and of referring local affairs to a commission of men located elsewhere will not be popular, and on its face, at least, without a deeper study of the problem does not seem at all desirable.

One of the best arguments made for the commission form of government is found in the initiative. By this provision or feature of the law if a body of citizens desire to have a certain measure taken up and considered by a city council and are unable to bring this to pass in ordinary way then by the initiative right these citizens can compel a city council to submit the desired question to a vote of the people. If the majority of the people express themselves in favor of the measure then in due time it becomes a law, despite the opposing views of a council.

In a city under the commission form the people for example could advocate utility franchises containing certain provisions they thought desirable and could insist on such measures getting to a popular vote. The passage of the Public Utility bill would take away this very right which is conferred by the commission form of government and would nullify the law on one of the points which has been accounted a strong feature in getting affairs "back to the people." There are no doubt many other points in the utility bill just as objectionable as the one noted and there may be some advantages. At any rate it is a measure which should have the careful study of citizens, and a somewhat careful and extended study will be necessary if all the provisions of the bill are to be understood.

Henrietta Crossman will continue her season until the middle of May.

Austin Webb is one of the principals in a new sketch called "My Friend."

Louise Galloway is playing in a vaudeville sketch called "Little Mother."

Florence Holbrook, formerly associated with Cecil Lean, is to be starred next season.

Mordkin, the Russian dancer, may appear with Adeline Genet at the London Coliseum this spring.

Lillian Russell has concluded her lecture tour and may appear for a brief engagement in vaudeville.

Tyrone Power has started his long tour in "Julius Caesar." He will play in Canada during May and June.

The company representing "The Five Frankforters" will be kept together and appear in the play next season.

Hedwig Reicher is to go into vaudeville with a play entitled "The Conquest." Franklin Ritchie will be in her support.

Max Rogers and Bobby North are to star together next season in a musical and comedy mixture with a notable vaudeville cast.

Florence Reed, who made such a big hit in "The Scarlet Woman," is playing in Los Angeles in the Morocco Stock company.

Louise Randolph, who was the manager of her own company in Chicago, is to be the leading woman of a stock company in Springfield, Mass.

Charles Frohman will produce in the near future a musical comedy entitled "The X-Ray Girl," by Paul Rubens, author of "The Sunshine Girl."

"The Argyle Case," with Robert Hilliard as the star, and W. J. Burns, the famous detective, as one of the authors, is to have a London production.

A new farce is to be produced which is a satire on the prevailing criminal plays. The title is "Are You a Crook?" and Marguerite Clark is to have the leading part.

Rida Johnson Young has written a baseball play which Selwyn & Co. will produce next season. Mrs. Young has been traveling with the "New York Giants" with a view to securing suggestions.

SUCCESSOR NAMED FOR MISS OLDFIELD.

Mrs. Genevieve Clark Wilson Will Be New Voice Instructor.

Miss Frances Elizabeth Oldfield, whose resignation as head of the vocal department of the Conservatory of Music was noted in yesterday's Journal, will be succeeded by Mrs. Genevieve Clark Wilson, according to an announcement by President Rankin. Mrs. Wilson comes to Jacksonville not a stranger, as she has been heard in concert here before, being at one time an instructor of music in the State School for the Blind.

Mrs. Wilson has sung under such distinguished directors as Theodore Thomas, Frank Damrosch and Emil Paur. She has sung as soloist for such well known musical organizations as the Handel & Haydn Society of Boston; The Musical Union of Oberlin; The Thomas Orchestra and Apollo Club of Chicago; The Oratorio Society of New Haven; the Philharmonic Club of Minneapolis and many others.

As a teacher Mrs. Wilson has been connected with the Sherwood school of Music of Chicago and the Toronto Conservatory of Music.

Mrs. Wilson also conducted private studios for a number of years in both Chicago and New York.

## WOMAN SUFFERED TEN YEARS

From Nervousness Caused by Female Ills—Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Auburn, N. Y.—"I suffered from nervousness for ten years, and had such organic pains that sometimes I would lie in bed four days at a time, could not eat or sleep and did not want anyone to talk to me or bother me at all. Sometimes I would suffer for seven hours at a time. Different doctors did the best they could for me until four months ago I began giving Lydia E. Pinkham's Vegetable Compound a trial and now I am in good health."—Mrs. WILLIAM H. GILL, 15 Pleasant Street, Auburn, New York.

### "Doctor's Daughter Took It."

St. Cloud, Minn.—"I was so run down by overwork and worry that I could not stand it to have my children talk aloud or walk heavy on the floor. One of my friends said, 'Try Lydia E. Pinkham's Vegetable Compound, for I know a doctor's daughter here in town who takes it and she would not take it if it were not good.'"

"I sent for the Compound at once and kept on taking it until I was all right."—Mrs. BERTHA M. QUICKSTADT, 727 5th Avenue, S., St. Cloud, Minn.

Lydia E. Pinkham's Vegetable Compound may be relied upon as the most efficient remedy for female ills. Why don't you try it?

## Awaiting The Joyful Sound

The Wonderful Music that Bursts Forth When the Stork Arrives.

That funny, little, brassy cry that echoes the arrival of the new baby is perhaps the most cherished remembrance of our lives. Ale at the store where you trade, or their preservation to health and strength to Mother's Friend. This is an external remedy that is applied to the abdominal muscles. It relieves all the tension, prevents tenderness and pain, enables the muscles to expand gently, and, when baby comes, the muscles relax naturally, the form is preserved without laceration or other accident.

You will find Mother's Friend on sale at almost any drug store, as it is one of the standard, reliable remedies that grandmothers everywhere have relied upon. With its daily use during the period of expectation, there is no weakness, no nausea, no morning sickness, no pain, distress or strain of any kind. Its influence is truly remarkable, as it penetrates the tissues and renders them pliant and easily governed by the demands of nature. You will be surprised at its wonderful effect and what a grateful relief it affords.

Especially to young women, Mother's Friend is one of the greatest of all helpful influences.

## COMPARES EDUCATIONAL AFFAIRS PAST WITH THE PRESENT

J. H. Dial of Murrayville Points to Changes Which Have Taken Place—Public School Has Grown.

Speaking before teachers of Morgan county recently Prof. J. H. Dial of Murrayville, one of the strong members of the county recently took as his theme "The Old and the New." Some paragraphs from the very interesting and helpful paper are presented below.

April 6th 1889, I walked into a little school house over in southern Illinois, as sole proprietor, manager-in-chief, pedagogue-generalissimo, for a two months' spring term. A rooster with the approach of his first spurs was no prouder than I. I was to get \$22 a month and I enrolled 22 little boys and girls that morning. I made them a neat speech of about a half an hour's length—I guess it was neat—I know I spent a long while preparing an rehearsing it. They sat very quietly and listened attentively, and I was much impressed with the interest they manifested. But I know now that they sat still because they were scared of the new teacher, for recalling some of the phraseology of my opening speech I find that I used words then that I have to use the dictionary for now. The speech was not confined to purely pedagogic lines, but was as I told them at the time, a general hurvey of the propriety of the proper decorum requisite to the modes of procedure then about to be inaugurated. And so I began and have in my weak way been pegging away ever since, at what seems to me to be the best, highest and noblest work it has ever been the privilege of mortal man to pursue. I love the work. I love the boys and girls, and as the years go by I find that my zeal in the cause does not grow less. And yet I am fully aware that one of these days the school board is going to say to me: "Mr. Dial, we regret to tell you, but we feel that school needs a younger man," and then and not until then will I realize that I am a has-been, a back number, am laid on the shelf.

### Viewpoints Change.

The change of the times has brought about no greater or more radical change in any other institution than it has in the public school. Sablin in his Common Sense Didactics says that human nature is about the same as it has ever been, and I am sometimes almost convinced that we would be justified in contradicting him. The world is ever changing, which is only another way of saying that the people change. And why not? The surroundings, that to a great extent, control the activities of life are ever presenting a kaleidoscopic view, and so the change in the man, his aspirations, his ambitions, his desires, his ideals, his all are forever taking a different viewpoint. I am not pessimistic. I do not believe that the old world with all its created intelligence is going to the bow wows. The institutions that and civilize men are becoming more and more alert to the situation. The public school, the greatest known citizen maker, is doing more today than it ever has. And yet I cannot but realize with a pang of regret that some of the old landmarks that once occupied a prominent place in the curriculum of the common school are seemingly forever gone. I feel that we are omitting some of the old essentials to make room for what the times seem to demand, and I often wonder if we can make exchange of quality for quantity without being cheated in the bargain. I refer to some of those old virtues of homely appearance, but which would bear investigation to the core. I refer to respect, reverence for one's elders and superiors, courtesy (genuine and courteous) obedience, patriotism and a host of other things that I might name if time and space would permit and your patience would hold out. That old fashioned reverence out of children used to have for their parents and elders and superiors even till they grew up to be men and women, is very pronouncedly a minus quality nowadays. Young folks to today speak of their father as "my old man" and mother as "my old woman" and regard those two personages more as a sort of necessity for furnishing the money to pay bills, that they feel they must need contract, if they keep up the pace and "do" society properly. If there is one thing more disgusting than another in this world it is to be compelled to witness a young addipate that hasn't brains enough to walk a shot gun give the high school yell a neck or two, call everybody a rough time that doesn't wear the latest style of clothes, part his hair in the middle, hang his cap over his left ear, get a cigaret in his teeth and then talk about "my old man."

If the devil ever worked overtime on a job in his life and if he was ever disgusted with the job after he had finished it that man would have been the occasion. If I had walked up to my father with a cigaret between my lips, had set my cap over on the side of my head and had said "See here, old man, I'd like to have you to get on the fact that I am the big noise, and as our foot ball team is going away on a week's trip I want you to dig down in your deep pocket, get your old weasel skin and cough me up some dough." I am satisfied that I wouldn't be here today, for if that happened 25 years ago, I wouldn't yet have recovered sufficiently to have been able to get up the stairs.

**Teacher and Pupil.**  
Father used to say to the teacher: "I want my boy to realize the fact that he is not the leader, but that you are to lead him at school and I am the leader at home and that it is his business to be led and not to lead." I was often surprised at the immensity of the friendship that existed between the teacher and father, when if father had only listened to me I could have told him some things in confidence that would have shown him that I wasn't getting a square deal from that teacher, but father had his mind made up even to the extent of what I then thought was bull headedness, and the first

### RAINY REVIVES ZONE INQUIRY

Washington, April 25.—Representative Rainey of Illinois is still on the trail of "the Panama Canal zone steal," as he is poised to term the rather sudden and forcible acquisition of the strip of land through which Col. Goethals is digging the "big ditch." He has reintroduced the resolution that was pending in the Committee on Foreign Affairs throughout the Sixty-second Congress calling for a thorough investigation of the circumstances under which former President Roosevelt got possession of this indispensable slice of territory.

While there were a few hearings before the committee during the last Congress on this matter, little was accomplished. An essential witness was living in France and respectfully declined to make a trip across the water to be subjected to a grilling by the committee. So far as known, he is still living abroad and still of the same mind.

### Cured of Chronic Constipation.

"For twenty-one years I suffered with chronic constipation," says C. W. Robinson, of Cordova, S. C. "In May, 1908, it had assumed a more serious form, resulting in indigestion, piles and neurasthenia. Life seemed a burden to me. Two famous physicians and one specialist with all their drastic drugs failed to help me. A friend advised me to give Chamberlain's Tablets a trial, which I did, and am pleased to say two bottles of them cured me." For sale by all dealers.

## PIKE MOORE AND GEORGE DOD.

A little time back the Journal had an interesting article from Frank W. Rucker, from over in old Missouri. In it he told of having "discovered" the Hon. W. Pike Moore, and gave some of Mr. Moore's reminiscences of Prof. Wm. Dod and of Mrs. Flanders. I sent a copy of the paper to the Hon. George J. Dod, now of Greenwood, Mo., but formerly well known here as a student, a lawyer, city attorney and member of the board of education from the fourth ward.

Prof. Wm. Dod came here with his family as a union refugee from Missouri, about 1862. He was a native of New Jersey, a very fine scholar and a dignified and excellent gentleman; and Pike Moore could well afford to remember him, as an instructor and as a friend. George Dod married Miss Millicent Nutting daughter of the Rev. Rufus Nutting, D. D., for many years professor of Greek in Illinois college. Dr. John M. Dod married Miss Hannah Gallagher, daughter of the late Rev. William G. Gallagher, so long known here.

I recall W. Pike Moore as a bright-eyed, rosy-cheeked boy, who "lit in" to Illinois college, one fall when I was going there. I took to "Pike" and I guess everybody else did, for he was a very pleasant fellow—even if he did belong to Phi Alpha society. He was not a relative of mine, though sailing under the same family name. Moore told Rucker of "Mother Flanders," who made things comfortable for her student boarders, and he also talked of Prof. Dod. But he probably did not know that Mr. Dod's residence during a part of his stay here was in the same house that Mrs. Flanders occupied with her boarders. It was a house on Prospect street, first door north of College avenue, and on the west side of Prospect.

Pike Moore was back here some years ago, and he had grown into the good looking and agreeable gentleman that he might have been expected to become. I hope he will come back to the half century meeting of the Phi. A. this year, and I will be glad to see him, if I am a Sig.

Incidentally it may be mentioned that Missouri has honored herself by sending a good many boys to Illinois college, and a number of them have done themselves and the college honor.

Returning now to Mr. George J. Dod. He writes in part as follows: "The Jacksonville paper telling me where Pike Moore is, and his kind words about my father, has come to hand, and been carefully read by me with great interest. But I must run over to dear old Jacksonville some June to see some of my friends of college days. As to Pike Moore: hearing again of him reminds me of fifty years ago. His mother was a sister of the distinguished Glover brothers of north-east Missouri, and she was a widow living with or near Col. John M. Glover's plantation, near Newark, Mo., and they were of the aristocratic southern people in a neighborhood, seven or eight miles from our section, where father used to visit. (Speaking of the beginning of the civil war) My older brothers armed themselves, took their horses, the union women made hats and some garments, so the union men could be dressed alike, and they helped to hold Missouri in the union until the U. S. government could muster them into the federal army. I do not remember Pike Moore at Illinois college but father had private schools at Shelbyville and possibly at Newark. No doubt he is the teacher Pike refers to and what he says of father's being able to answer all kinds of questions is

right along with my own recollection of him. I can never be too grateful for having my beloved father as a companion until I was 25 years old. Our son Albert B., came home on his year's furlough, and looks strong; weighs 173 pounds. Has made about one hundred and forty addresses in the effort being made for extra funds for Presbyterian missionary work in China. He meets Charlie Eames' son and daughter out in China. He said a band of robbers looted an inn where Chas. Eames had a room, but when told a missionary occupied that room, they said "we won't disturb him; he is in a good work." Albert was held up one night about 10 p. m., as he was getting back towards his home—three robbers with guns demanded his watch and money, but when he told them in Chinese he was an American missionary they told him they had made a mistake, and for him to go on, and advised him not to be out late at night. Albert occupied Dr. Nicholls' pulpit in St. Louis one Sunday, and has taken in Detroit, Chicago, Minneapolis and been to New York, Washington, Louisville and many places. He returns here next Tuesday night, and it is possible he may not have time to go anywhere else before he has to pack up to return to China. "Ensley Moore."

**Sour Stomach.**

## HAIR CAME OUT BY HANDFULS

Terrible Itching, Began with Rash, Dandruff Literally Covered Scalp, Entirely Cured by Cuticura Soap and Ointment Within One Month.

3002 Cass St., St. Louis, Mo.—"For five years I suffered with itching of my body and scalp. My trouble began with a rash on my lower limbs which was very annoying and my scalp was literally covered with dandruff. My hair used to come out by the handfuls and the itching of my body and scalp was terrible. I had used almost all the skin remedies on the market with no results, when I wrote for a little Cuticura Soap and Ointment and it gave me instant relief. Within one month's use of the Cuticura Soap and Ointment I was entirely cured. I cannot discover one strand of my hair coming out and I have not lost a minute of sleep since using the Cuticura Soap and Ointment, which entirely cured me of itching of my body and scalp in its worst form. I also find the Cuticura Soap a benefit in shaving." (Signed) Charles Judlin, Dec. 8, 1911.

For red, rough, chapped and bleeding hands, itching, burning palms, shapless nails and painful finger-ends, a one-night Cuticura treatment works wonders. Soak hands, on retiring, in hot water and Cuticura Soap. Dry, anoint with Cuticura Ointment, and wear old, loose gloves during the night. Cuticura Soap (25c.) and Cuticura Ointment (50c.) are sold throughout the world. Liberal sample of each mailed free, with 32-p. book on the skin and scalp. Address post-card "Cuticura, Dept. ### THE REAL TEST

Of Herpicide Is In Giving It a Thorough Trial.

There is only one test by which to judge of the efficiency of any article and that is by its ability to do that which it is intended to do. Many hair vipers may look nice and smell nice, but the point is—do they eradicate Dandruff and stop falling hair?

No, they do not, but Herpicide does, because it goes to the root of the evil and kills the germ that attacks the papilla from whence the hair gets its life.

Letters from prominent people everywhere are daily proving that Newbro's Herpicide stands the "test of use."

It is a delightful dressing, clear, pure and free from oil or grease.

### GIANTS AND PHILLIES IN ELEVEN INNING TIE

NEITHER TEAM IS ABLE TO SCORE DURING ENTIRE GAME.

McCormick's Single in Tenth Scoring Merkle Does Not Count Because Umpire Klem Was Not in Position When the Ball Was Hit.

New York, April 25.—New York and Philadelphia played an eleven inning tie game here today, neither side scoring. Both Demaree and Alexander pitched great ball.

An unusual incident deprived New York of victory in the tenth inning, when the Giants apparently won. Merkle opened with a single and Herzog bunted, but Merkle beat Alexander's throw to second. Wilson then bunted safely and with the bases full and none out, McCormick was sent in to bat for Demaree. He hit the first ball pitched for an apparent single, which scored Merkle. Play-ers of both teams ran toward the club house and the crowd swarmed on the field. Manager Doolan, Captain Doolan and other Philadelphia players, however, rushed at Umpire Klem, pointing out that he was not in position when the ball was hit. Klem had his face turned to the stand and was announcing that McCormick was batting for Demaree.

He admitted he was not in position and called for the game to go on. Play was resumed after considerable delay. McCormick hit into a double play and Snodgrass was thrown out by Doolan.

Klem explained after the game that the reason McCormick's hit did not count was because he was not in position and quoted Section 4 of Rule 28. The score: Philadelphia, A. B. R. H. O. A. E. ### BLANDING PITCHES GOOD GAME AND NAPS SHUTOUT TIGERS

Nap Pitcher Hurl His First Game of the Year and Allows But Five Hits.

Detroit, April 25.—Blanding pitching his first game of the year held Detroit to five singles and Cleveland shut out Detroit today, 3 to 0. Five of Cleveland's seven hits were for extra bases, Johnson starting with the stick, with a double and triple in three times at bat. Score by innings: R.H.E. ### WILL PRESS INVESTIGATION OF SO CALLED BASEBALL TRUST

Washington, April 25.—Ty Cobb's agreement with the Detroit baseball club to again enter the game, will not deter Representative Gallagher of Illinois from pressing his proposed congress investigation of the so-called "baseball trust." Today Mr. Gallagher conferred with members of the rules committee to learn what the chances were for hearings on his resolution as soon as the tariff is disposed of.

Neal Ball got his chance yesterday and improved it to the tune of a two bagger. He played a clean fielding game also. The Red Sox are beginning to weaken under the terrific strain of the last two series with Washington and the Athletics.

### PRESIDENT WILSON ATTENDS WASHINGTON-BOSTON GAME

Nation's Executive Has Attended Four Out of Five Games Played in Washington and is an Ardent Fan.

Washington, April 25.—When President Wilson heard today that the Washington team was playing its last home game before departing for a month's tour, he instructed Secretary Tumulty to close up the engagement list and hurried to the ball park. The president has attended four of the five games the team has played here since the beginning of the season, and the "fans" feel he is one of them. He applauded vigorously when Washington makes a good play—but dignity forbids that a president should "root"—and looks disappointed when the umpire's decision favors the visitors.

At today's game the president stood up and cheered when the Washington team tied the score and forged a head in the eighth inning. As he left the park he was given a great ovation. He had been sitting in a box in the upper tier and though the crowd jammed the exits below, they voluntarily made a path as he passed out with his daughter, Miss Margaret, and Secretary Tumulty. As the party entered a white house motor car there were more cheers, "come again, Woody," and similar expressions of approval came from "fans."

The white house itself is always astir on an afternoon when the home team plays. All the attaches who could get away went to the game and those who stayed behind eagerly heard the returns in the telegraph room. When the break came in the eighth the entire force of clerks swarmed to the telegraph key.

COPY OF FIRST G. A. R. ORDER IS SENT TO POSTS

Used in Connection With Circular Urging Col. Snyder As Department Commander.

In a circular letter sent out by Joe Hooker Post to other Grand Army posts in Illinois, endorsing the candidacy of Colonel John M. Snyder for commander of the department of Illinois, is included the first general order of the Grand Army of the Republic, issued at Springfield, April 1, 1898, and signed by Department Commander B. F. Stephenson of Illinois and Robert Mann Wood, adjutant general. The text of the order follows: "General Order No. 1. Headquarters Department of Illinois, Grand Army of the Republic, Adjutant General's Office, Springfield, Ill., April 1, 1898. The following named officers are hereby announced on duty at these headquarters: Colonel Jules C. Webster, aid-de-camp and chief of staff; Major Robert M. Wood, adjutant general; Colonel John M. Snyder, quartermaster general; Lieutenant John S. Phelps, aid-de-camp; Captain John A. Lightfoot, assistant adjutant general. By order of B. F. Stephenson, Department Commander.

"Robert M. Wood, 'Adjutant General.'"

HOLD TRAINS FOR MEET. Division Superintendent W. F. Thiehoff of the Burlington, has issued an order informing all agents along the local branch that on May 2 passenger trains Nos. 11 and 12 will be held on account of the Western Illinois high school league meet in this city. No. 12, southbound will leave Beardstown at 7 o'clock a. m. and will run one hour late to Litchfield. No. 11, north bound, will leave Litchfield one hour late and will leave this city at 6 p. m.

COPY OF INJUNCTION FILED.

On the records of the Circuit clerk yesterday a copy of an injunction issued by Judge Grier of Warren county was filed. The order is for the purpose of restraining George H. Headen from disposing of encumbering property he has in this county. The action was brought by Mrs. Mamie Headen.

### CUBS LOSE GAME BY POOR FIELDING

CHICAGO AGGREGATION DIS-PLAYS LOOSE WORK IN FIELD

Pirates Score Three Runs in Second Inning Which Later Stood Them in Good Stead When Cubs Rally in Ninth.

PITTSBURGH, APRIL 25.—Loose fielding by the Chicago team in the second inning today and a pair of bunts that were poorly handled gave Pittsburgh three runs that stood them in good stead when Robinson weakened in the ninth. The score:

### ON THE SIDE LINES.

With Ty Cobb signed up the game can go on. Nice piece of advertising for both Ty and Navin and its influence will soon be apparent from a box office standpoint.

Billy Sunday, who is resting at his home in Winona Lake, Ind., says that the baseball trust is a necessity. In a certain sense he is right. Without the national agreement things would be in a chaotic state in no time. How long could Washington retain Johnson or Detroit Cobb if it were not for the protection afforded the club owners by the agreement which also protects the fans of the smaller cities? Hands off, gentlemen. Confine your inquiries to the steel and harvester monopolies. Baseball can take care of itself.

Art Wilson, the former Decatur star, has been benched by the Giants. He has been hitting in poor form and in a recent game with Philadelphia was charged directly with the loss of the game, throwing the ball into center field in an attempt to catch Knabe at second. A big league catcher makes a slip like that only once. Its the bench for him instantly.

Noah Henline is leading the batting order for Jersey City and is playing a great game at center for the Jerseys. His friends here are always glad to hear of his success. No more popular a player ever appeared in Jacksonville. The memory of those two home runs off Blue Jacket in the Billy Sunday game lingers.

Is President Wilson a hoodoo for the Senators? He wasn't at the game yesterday and the Griffith gang won a great uphill fight. We want to be too hasty in jumping at a conclusion. Wait till he attends a few more games and see how they come out. One thing is certain, he's a real live fan and if that congressional investigation comes to a head we'll have a powerful friend at court.

Hans Wagner will soon be back in the game. His injury has been pronounced a minor one and Bonesetter Leach says he will be as good as ever shortly.

Almost another instance of the famous play "Touching Second" in the New York-Philadelphia game. And it shows how quick wit can save a game apparently lost. Give Charlie Doolan credit for knowing the rules. He's one of the brightest little managers in the business. Rule 28, Sec. 4, says that "whenever one player is substituted for another either as batsman or base runner or fielder, the captain of the side making the change must immediately notify the umpire, who in turn must announce the same to the spectators. \* \* \* Play shall be suspended while the announcement is being made and the player substituted shall become actively engaged in the game immediately upon his captain's notice of the change to the umpire."

Burns has run up against one pitcher who has his number, Alexander of the Phillies. Murray found "The Great" offering just to his liking and annexed three wallops to his credit.

Demaree pitched a great game and no mistake. He deserved to have a victory registered opposite his name. But eternal vigilance is the price of other things besides liberty and eggs and such.

That wallop of Tommy Leach's for three bags in the ninth of the Pittsburgh-Chicago game must have been a whale. It cleaned up and had not Hendrix been chased in to relieve the slipping Robinson the Cubs might have pulled up to within striking distance. Bet a stogie Leach plays center in today's game.

The Cubs and Pittsburgh will journey home tonight and open at the West Side park tomorrow for two games.

Bresnahan was sent in to bat for Richie in the pinch but failed to deliver.

Observe that large round goose egg in the Boston's half of the ninth inning. That was the work of the greatest beast of the great-Walter Johnson. And this pitching feat coupled with the great batting of the Senators in the eighth enabled the Washingtons to remain right next to the Athletics. This series has been a record-breaker for great playing and established the fact that the Senators have got to be reckoned with all the way.

## THE WORLD'S LATEST FINANCIAL AND MARKET NEWS

### LESS ACTIVE STOCKS SHOW WEAKNESS

#### MANY NEW LOW RECORDS FOR THE YEAR WERE MADE

Principal Losses Were Sustained by  
the Less Stable Industrials and by  
Shares of Uncertain Railroads.

(By Associated Press)  
New York, April 25.—Pronounced weak-  
ness developed today among a number of  
the less active stocks. A score of new  
low records for the year were made and  
in some cases prices approached the low  
points touched during the panic of 1907.  
The principal losses were sustained by  
the less stable industrials and by shares of  
railroads and maintenance of way com-  
panies. Rummy issues were conspicuous-  
ly weak. The preferred which closed  
yesterday at 65, opened 11 points lower  
today, and subsequently sold under 22.  
The common broke to 23. The Interna-  
tional Harvester, Illinois Central, South-  
ern Railway preferred, Chesapeake &  
Ohio, and American Tobacco, were other  
of the long list which touched new low  
figures for 1913.

The market leaders held up during the  
greater part of the day, but the frequent  
declines among less conspicuous shares.  
Movements on such stocks as Reading,  
Union Pacific, Steel and Amalgamated  
were irregular and comparatively nar-  
row until late in the session, when they  
came away with the rest of the mar-  
ket, losing a point or so. Sentiment was  
bearish.

The first of the March reports of West-  
ern roads appeared today and presented  
a marked contrast to the unfavorable  
statement of eastern lines which lost  
heavily from the flood.

Atchafalpa reported a net increase of  
\$24,000 and Southern Pacific at \$53,000.

## TRADE CONFIDENCE STILL PREVAILS

WEST AND SOUTH MANIFEST SPIRIT OF OPTIMISM AS TO FUTURE.

Future Predictions Are Largely Based Upon the Fine Crop Outlook For Both Cotton and Wheat.

New York, April 25.—Bradstreet's tomorrow will say:

Trade reports continue to present contrasts in that a line of demarcation has to be drawn between immediate and future orders. On the one hand business for current or nearby delivery is good to active, all depending on the section of the country considered the stimulating influence being furnished by greatly improved weather conditions. Against this development must be cited the fact that there is a general disposition, except in the northwest and parts of the south-west to wait until the tariff matters become clearer before future requirements.

With conservatism manifested on that account the controlling idea the country over seems to be for the scaling down of stocks. Lumber continues very active in the northwest, wool and woolen goods, more than any other line seem to be more strongly affected by impending tariff changes. Crop reports are encouraging. Winter wheat is in excellent shape, and needed rains are reported in the states west of the Mississippi.

Business failures for the week ending April 24th, were 273, which compares with 248 in the like week of 1912.

Business failures in Canada numbered 21.

Dun's Weekly Review.

New York, April 25.—Dun's Review tomorrow will say:

Notwithstanding the recent moderate reduction in trade and industrial activity, it is significant that confidence still prevails; and in the west and south a spirit of optimism is manifest as to the future—largely based upon the fine crop outlook for both cotton and wheat—which contrasts with the more conservative feeling that exists in eastern centers.

The tariff re-adjustment continues to inspire caution in the trade circles more immediately affected, but the end of uncertainty is not far distant. Weather conditions are distinctly better and this gives an impetus to building operations, and also retail trade and real estate transfers. Money conditions are easier both at home and abroad. Reports from the leading western and northwestern cities are very cheerful in tone and the advent of more settled weather has resulted in larger retail activity. Interest and dividend disbursements in May will exceed \$106,000,000—a considerable increase over last year. Bank clearings this week showed a loss of 2.7 per cent as compared with 1912.

## BANK CLEARINGS.

New York, April 25.—Bradstreet's bank clearing report for the week ending April 24th, 1913, shows an aggregate of \$3,140,417,000 as against \$3,403,020,000 last week and \$3,192,165,000 in the corresponding week last year. The following is a list of cities:

LEAVE FOR CHICAGO HOME  
Mr. and Mrs. W. D. Alexander left Friday night for Chicago and are to be at home there in an apartment at 4522 Lake Avenue. The change of residence from Jacksonville to Chicago was made because Mr. Alexander is to resume a business connection with the commission firm of Alexander, Ward & Conover and from the added fact that their son Tracy is now in the employ of Armour & Company. Mr. Alexander's mother who has been at Passavant hospital for a number of months is now considerably improved in health and will be taken to a hospital so located that she will be near both of her sons. Mr. and Mrs. Alexander will be greatly missed by their lost of Jacksonville friends.

## Only One Way To END CATARRH

Reach the raw, tender, inflamed membrane infested with Catarrh germs, and destroy them.

You can't reach the nooks and crevices with liquid preparations—there is only one way—breathe the germ destroying air of Booth's HYOMEI (pronounce it High-o-mei) directly over the inflamed and germ infested membrane.

HYOMEI contains no opium, cocaine or other harmful drugs, it is a balsamic air made of Australian eucalyptus, thymol, and some Listerian antiseptics. It is guaranteed to end the misery of Catarrh and Croup or money back. It's fine for Colds and Coughs.

Ask Coover & Shreve about Booth's HYOMEI outfit today. It is only \$1.00 and Coover & Shreve guarantee it. Extra bottles, if later needed, 50 cents. Just breathe it—no stomach dosing.

## STATE NEWS.

May Erect School Building.—Quincy will vote on a proposition to build another school house to cost \$50,000 on the site of what is now known as the Jackson school. Last year the city built a \$25,000 building for the colored children.

Crystal Lake For Site of Scout Camp.—The Chicago branch of the Boy Scouts of America has bought a big tract of land north of Crystal Lake near Whitehall. About \$6,000 has been appropriated for the construction of a building which will accommodate about 120 boys. The structure will be 70 feet wide and 86 feet long, two stories in height. The dining hall, running down one side of the building will be 38 by 86 feet. A porch on the south side, facing Crystal Lake will extend the entire length of the building.

Will Erect Library.—The first steps taken toward the building of the \$20,000 Filger free library were made at Minook when the committee appointed by the mayor after the city council passed a library ordinance, met at the city hall. Plans are well under way now to secure the library.

Gets a Big Estate.—Evan Willis a farm hand living near Clinton will come into possession of the estate of the late Jacob Zorger, consisting of a valuable farm of 445 acres, by a decision of the supreme court. By this decision the supreme court reverses itself. Willis had worked on the farm for Mr. Zorger for over forty years with the understanding that he was to receive the farm on his employer's death. The court about a month ago declared against Willis, holding that no contract existed between the two men. The attorneys for Willis petitioned for a rehearing with the result that the decision this time was favorable to him.

Decatur High School Alumni Disbanded.—According to the Decatur papers the alumni of the high school in that city have disbanded their organization. The fact that the society as done nothing else than hold a social meeting at the end of each school year is given as the reason for its decadence.

## PROPERTY OWNERS WANT PROPOSED INTERURBAN

Efforts To Secure Right of Way For Jacksonville and Springfield Line Are Successful.

Although nothing is being said in the papers about the matter it is a fact that John W. Boston and others interested have been working up a right of way for a proposed interurban road between Jacksonville and Springfield. Practically all of the land owners in Morgan county have given their written consent to accord right of way to an organization to push through the road if such an organization gives ample proof of having the means to carry forward the project. Sangamon county land owners so far as interviewed have shown an entirely friendly spirit to the enterprise despite the disappointments of the past. It is understood that St. Louis financiers whom J. D. Dana represents are ready with the money for the road when it becomes certain that the right of way can be secured without difficulty or opposition.

## CORROBORATION

Of Interest to Journal Readers.

For months Jacksonville citizens have seen in these columns enthusiastic praise of Doan's Kidney Pills by Jacksonville residents. Would these prominent people recommend a remedy that had not proven reliable? Would they confirm their statements after years had elapsed if personal experience had not shown the remedy to be worthy of endorsement? The following statement should carry conviction to the mind of every Jacksonville reader:

John Minter, 423 South East St., Jacksonville, Ill., says: "I gladly recommend Doan's Kidney Pills as I know them to be worthy of praise. I have been telling of my experience with this remedy ever since 1897. I took Doan's Kidney Pills for pain in my back and other symptoms of kidney trouble and found them effective. I always advise the use of this remedy when I have an opportunity."

For sale by all dealers. Price, 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

IMPROVEMENTS IN PROGRESS  
AT ELLIOTT STATE BANK

Two New Vaults Are Being Installed  
and An Addition Will Be Built On  
Rear of Building.

Some improvements are under way at the Elliott state bank, which will greatly facilitate the business of the firm. A force of men are now at work putting in two new vaults. A difficult feat was performed yesterday when the door and vestibule to the upper vault, weighing ten tons was conveyed above the cages in the bank. This work was done by employees of the Jacksonville transfer company. Another vault of similar proportions is to be placed on the ground floor. The safes are of the finest kind made by Diebold Safe and Lock company and the installing work is supervised by August Snyder of Chicago.

Aside from the safes a new addition is to be built in the rear, which will be two stories high and eighteen feet wide. This will give an apartment for the directors to hold meetings and other rooms where the patrons of the bank can find accommodations; a room is also to be especially fitted up for ladies. A new mezzanine floor will be built on the second story and the book keeping department will be found there instead of on the ground floor as is the arrangement now. A safety box department will also be installed on the second floor. It will be seven weeks before the work is completed.

RECEIVE DETAILS OF DROWNING  
OF HENRY G. MARCH AT FLORENCE

Friends in City Receive Papers  
Telling of Accident—Body Found  
Wednesday.

Friends in the city have received papers from relatives of Henry G. March, who was drowned in the Ohio river at Florence Monday night, telling of the details of the accident which resulted in the death of the young man.

According to the story Mr. March went to Florence Monday morning and went to the ferry about 6 o'clock to cross to Warsaw, Ky., where he was to spend the night. Aside from the deceased there were two small boys as passengers and the pilot, a man named Webb. The bow of the boat was aground and when Webb started the engine Mr. March picked up a spike pole to aid in shoving off. It is not known just what caused the man to fall overboard. The drowning took place about 50 feet from the shore, in fifteen feet of water and it is said that the boat could not have been aground by thirteen feet of water. The theory has been advanced that as the boat moved from shore Mr. March kept shoving and when deep water was reached he lost his balance when the spike pole failed to touch bottom.

In telling of the accident Webb said he was swinging the bow of the boat around when the accident occurred, and stopped the engine as soon as he saw that the deceased had fallen overboard. Webb, and another eye witness said that the deceased made no outcry and they could not see his face as he came to the surface, their belief being that his overcoat had gotten over his head.

The other eye witness, a man named Irons, was on the top of the bank when the man fell overboard, but he rushed to the water, secured a row boat and ran into the river waist deep, giving the boat a big shove just before jumping in. This took the boat quite a distance out, but the man found that he had no oars. However, he took the seat board to paddle and reached within a few feet of the place where the man went down the last time.

Mr. March was born in Madison, Ind., and would have been 38 years of age May 28. He was married to Miss Mary Loneragan, daughter of Mr. and Mrs. Michael Loneragan of Murrayville, in 1905, and is survived by his wife and four children: Henry Bernard, Annie Catherine, Edward Dennis and William Howard. He is also survived by his father, six sisters and one brother. Mr. and Mrs. Sutter of this city have gone to Madison accompanied by Mrs. March's parents, Mrs. Sutter being an aunt of Mrs. March.

## KINDERGARTEN UNION TO MEET

Washington, April 25.—Announcement was made today of the completion of all arrangements for the twentieth annual convention of the International Kindergarten union, which will meet in this city next Tuesday for a session of four days. The convention will be attended by delegates from many parts of the United States and Canada and from several of the countries of Europe.

Morning and afternoon sessions of the union will be held at the New National Museum, while the evening sessions will be held at Continental Memorial hall. The sessions will be presided over by the international president, Miss Mabel A. MacKinney of Brooklyn. Miss Julia Lathrop, chief of the federal children's bureau, will be one of the leading speakers. One of the attractive features of the program will be a mammoth festival of children's songs and games on the grounds of the national museum.

## ENTERTAINED CLASS

Mrs. William E. Thomson had the pleasure Thursday evening of entertaining her Sunday school class of young ladies of Brooklyn church at her home on Clay avenue. About fifteen were present and a very happy afternoon was passed. A portion of the time was employed in guessing answers to questions in a contest in which various vegetables were required for answers. Mrs. George Stacy was awarded the prize and she answered correctly 23 of the 25 questions required. In a peanut contest the prize was divided between Misses Seymour and Dougherty who were a tie in the required contest. Ice cream and cake were dispensed and heartily enjoyed.

## FATHERS' NIGHT AT THE HIGH SCHOOL

### PARENT-TEACHERS' ORGANIZATION HELD INTERESTING SESSION.

Officers Chosen For Coming Year—Reports Show Progress—F. J. Thomson, Springfield School Man Gave Helpful Address.

The meeting of the Jacksonville Parents-Teachers' association, known as "fathers' night," was held at the high school auditorium at 7:30 Friday evening. The address of the evening was made by Prof. F. J. Thomson, principal of the Springfield High school. Officers were elected for next year and reports were heard from the outgoing secretary and treasurer. Mrs. J. H. Danksin called attention to the mothers' congress to be held here May 7, 8 and 9. After the conclusion of the address by Mr. Thomson, Principal Gore gave the assembled parents and teachers the freedom of the building, inviting them especially to inspect the manual training and domestic science exhibits and the new x-ray and static machine in the physics department. A pleasant social hour was enjoyed, enlivened by occasional musical numbers by a quartet of players under the direction of Prof. Paul Morrison. Music was furnished too by the High School Glee club.

The attendance of fathers as well as mothers and the interest shown make

it probable that similar evening meetings will be held in the future. Despite Springfield's jesting assertion, as many remarked, Jacksonville held a pretty successful "fathers' night" in a "dry town" after all.

### NEW OFFICES NAMED.

The report of the nominating committee for next year's officers read by Mr. Harrison W. King was unanimously adopted. The officers are: President, W. A. Gore, vice-president, Miss Clara Cobb; secretary, Mrs. A. C. Baldwin, and treasurer, Mrs. E. J. Howells.

The regular report of Mrs. King covered the work and meetings of the association from April 11, 1912, and included four meetings of the executive board. The treasurer, Mrs. William Newman, reported a balance of \$82.15 in the treasury.

At the conclusion of the business the chairman introduced Principal Thomson of the Springfield high school, who spoke on the function of the high school in the community and the way in which organized work on the part of parents and teachers could benefit the high school youth of the country in the most critical stage of his development. Mr. Thomson is a guest of Mr. and Mrs. Danksin while in the city.

Mr. Thomson referred to a child welfare exhibit he had witnessed in Chicago and made observations on the progress of education from what he had seen in it. Referring to young people of high school age in the course of his address he mentioned two valuable books on the adolescent boy and girl, "Boy Training" and "The Teen Age." Among other things Mr. Thomson said:

**HELPING THE BOYS AND GIRLS.** "What can we do to help the boys and girls?" is the great question continually before parents and teachers. The number of social organizations in existence—the churches, schools, lodges, Y. M. and Y. W. C. A.'s, V. A. A. K. and S. O. N. societies, commercial clubs, etc.—lead us to think sometimes that we are organized to death. It is for the purpose of education that all this social organization is made. These institutions are formed for public education but have no ground on which to get together to divide work and discuss ways and means, no clearing house of educational activity.

"The most important educational institution is without doubt the high school. High school age is the most critical age in the boy or girl's development. Very few young people wander away later in life if they pass through this age successfully.

"It is up to parents to co-operate with the authorities of the high school. A father who has plenty of time to build houses must see to it that he takes time to help build his own boy's character. He must take time to interest himself in the development of his own daughter. We sometimes overlook the true purpose of the school. We forget that teaching is for the sake of boys and girls and not for the subject merely."

Mr. Thomson spoke in favor of a large variety of studies in the high school. It is necessary to have these to try out the young people to find what they are best fitted to do. Life is so broad, so full of different occupations and professions that a school that prepares for life must touch all phases of human activity. Its sometimes as profitable too to find out what a young person can't do as to select this final calling for him. There are too many human misfits in the world already.

The aim of parents and teachers then should be adequate preparation for boys and girls for life. When organized they can supervise all social activities of the young and can determine the educational value of each. They can hold themselves on the lookout at all times for anything that will help the education of the young people, always remembering that "good often comes from Nazareth," they can consider everything that may aid in this education, no matter how familiar and commonplace it may be."

### PHI ALPHA LITERARY SOCIETY.

At a regular meeting of Phi Alpha Friday evening in Beecher hall, the following program was rendered: Essayists—Cohn, "Satire in Literature;" White, "Dancing, Exercise or Disposition;" Linder, "Character."

Declamers—C. Berry, "Spartans to the Gladiators;" Mangner, "Emmet's Speech of Vindication." Select reader—Mitchell, "John Bull and His Son Jonathan." Extemporizer—Kimmel. Question for Debate: Resolved, That the United States ships engaged in the coastwise trade should be exempt from Panama canal tolls. The affirmative side of the question was debated by E. Berry, Petrie and Danksin. The negative debaters were Kimmel, Justice and Russell. The negative side received the decision and the affirmative the vote of the house on the merits.

### MAKES FLIGHTS AT CANAL.

Panama, April 25.—Robert G. Fowler, the American aviator today made two flights in his aeroplane in this vicinity. The first flight was around the City of Panama, Ancon, and the nearby villages. The second was over the site of the fortifications in the bay and up the canal entrance as far as the Pedro Miguel locks. The aviator took moving pictures of the scenes below.

Tomorrow Fowler expects to make a flight across the Isthmus of Panama.

## RETURNS TO ILLINOIS AFTER LONG ABSENCE

Peters Johnson Arrives in City From Eugene, Ore., and is at the Home of His Niece Mrs. M. Van Houten—Was One of the 48ers.

Unexpectedly but nevertheless thrived welcomed was the arrival Friday morning at the home of Mr. and Mrs. Van Houten, 420 South Main street, of Mr. Peters Johnson of Eugene, Ore., an uncle of Mrs. Van Houten, and the only brother of Mrs. Thomas Kirkman, who resides at the Van Houten home. Mr. Johnson is a former resident of Greene county and this is his first visit back to Illinois in twenty-seven years. He made the entire trip by himself, regardless of the fact that he will be 89 years old next month.

His coming was unheralded and the Van Houten family did not know of his intentions to visit here until a carriage drove up at the residence in the early morning hours and he alighted. It is needless to say that the welcome accorded him was indeed sincere.

Although rounding out the century mark Mr. Johnson is enjoying good health and would easily pass for a man a great many years younger. Yesterday he was in a reminiscent mood and recalled the astounding swiftness with which the trip was made back to Illinois in comparison with the time he made the journey across the plains in 1856 as one of the gold seekers. At that time he was accompanied by the late Dr. Brengle, father of Dr. George Brengle, a well known physician of Winchester. The two men left the Illinois river the last day of March and they landed in Hagtown, Calif., on July 27. It was a trip full of thrilling incidents and one long to be remembered. Mr. Johnson recalls the fact that they struck a part of California where gold was really found and in one bucket full of gold ore which he scooped up there was \$250 worth of gold. He and Dr. Brengle stayed out there for nearly three years, when the return trip was made by boat from San Francisco, coming up home on the Mississippi from New Orleans. It took three months to make the return trip.

Mr. Johnson was born in Anderson county, Tennessee, May 21, 1824, and so next March will be 89 years of age. He came to Greene county with his parents when a child, the family settled at Paterson, which was known at that time as Wilmington. After a residence there of twenty-seven years he and his wife decided to go to Oregon on account of his health. He found that the new air agreed with him, so they decided to make that their home, living for a great many years on a farm and later moving to the town of Eugene, which has grown to be quite a city. Mr. Johnson recalls that he purchased seven blocks at the time the town was laid out and some time later sold it for \$250. He said that today \$250.00 could not buy the land he then purchased in the town.

About two years ago Mrs. Johnson died and since that time Mr. Johnson has had a great desire to come back to Illinois and see his loved ones. Although he thinks there is no place like the west, Mr. and Mrs. Johnson never had any children of their own, but have helped a great many young men and women to get along in the world. Mr. Johnson in his long trip across the continent met J. E. Snyder of Portland, Ore., who was coming west; also a Miss Violet Peterson of Chicago, who extended him a great many courtesies which he will not soon forget. Mr. Johnson is an affable gentleman to meet and an interesting talker.

### FORMS NEW GRAIN FIRM.

E. B. Conover and John McHenry of Virginia and Simon Fernandes and A. J. Jones of this city have formed a grain company to be called the E. B. Conover Grain company and will open offices in this city, Springfield, Bloomington and Virginia. Mr. McHenry will move to Springfield and will open the office there about May 15 and later on during the summer or fall Mr. Conover will move there also. P. R. Marshall, agent for the B. & O. S. W. in Virginia, has forwarded his resignation, and will come to this city to work for the new company, as soon as his place will be filled.

### WILL DISCUSS TITHING.

At the morning service at Centenary Methodist church Sunday Rev. R. W. Flagg will discuss tithing and will deliver a sermon urging a voluntary system of giving tithes. At a recent meeting of the official board the subject was discussed and the widespread adoption of the plan was urged. A large attendance is expected to hear Mr. Flagg's address Sunday morning.

Boston, Mass., April 25.—Following the custom of members of the Sacred College of Cardinals to pay an occasional visit to Rome, Cardinal O'Connell will sail tomorrow for Naples, proceeding thence to the Eternal City.

He will examine the work done in his titular church, San Clemente; participate in the celebration in Rome marking the 1600th anniversary of the Constantine Edict, and late make his official visit to Pope Pius X.

## BEARDSTOWN FIRST IN ATHLETIC MEET

EASILY WINS HONOR AT GRIGGSVILLE TOURNEY.

Whipple Academy Noses Out Close Second From Pittsfield—Several Records Are Lowered—Griggsville First in Declaration.

Beardstown was an easy winner in the third annual meet of the Illinois Valley High School Athletic association which was held at the fair grounds in Griggsville Friday. Eight schools were entered and the following were the points scored: Beardstown ..... 43 Whipple Academy ..... 22 Pittsfield ..... 21 Quincy ..... 10 Clayton ..... 7 Mt. Sterling ..... 8 Griggsville ..... 4 Virginia ..... 2

Whipple Academy and Pittsfield had a fight out for second place, the former winning by a single point. The various events were interesting throughout and gave the athletes a good chance to measure their ability. From dope it appears that Beardstown will be a strong contender for the honors in the Western Illinois High School league meet here next Friday.

There were several records broken yesterday. The former discus throw was 161 feet and Dickens of Beardstown hurled the weight 106 feet 1 1/2 inches. Morrison of Whipple set a new record for the high jump, adding three-quarters of an inch, clearing the bar at 5 feet 7 3/4 inches. The old record for the hammer throw was 106 feet and yesterday Mitchell of Pittsfield hurled the lead 126 feet 8 inches. The record for the shot put and also the 440 yard dash were broken.

Whipple Academy team, considering everything, made a good showing. Bray, who was considered a fast man for the 50 yard, 100 yard and 200 yard dashes, was unable to compete, having received a sprained hip. Lukeman ran close for fourth place in the 40 and 100 yard dashes. In the half mile run, Berryman was the only man of the local squad to have an injury, having sprained his ankle. Sixteen points were made by Prins out of the 22 won by Whipple.

Beardstown was first in the relay race, Pittsfield second and Whipple Academy third. Whipple was represented by Gouvin, Lukeman, Whisler, Morrison, GRIGGSVILLE WINS DECLAMATION.

The contest in declamation was held in the evening and was largely attended. Griggsville won first place, being represented by Miss Beatrice Northington. Pittsfield was second and Barry third. Whipple Academy was represented by Miss Helen McDaniel.
